“ **SUCCESSFUL** PEOPLE ARE
NOT GIFTED, THEY JUST WORK HARD,
THEN SUCCEED ON **PURPOSE** ”

- The India in which we are living in today is at that point of its trajectory from where it can make a quantum jump into the future. Being the youngest country in the world with the majority of its population in its thirties, we have nowhere to go, but forward. The rest of the world is increasingly seeing as the next natural global leader. We have taken just the first toddler's step to this goal. However before we begin the marathon, we have to learn how to walk. This ability will come only through an educational revolution that will enable our youth to match up to the international standards and that has to begin at the very basic level of teaching learning activity.
- Our former President Dr. APJ Abdul Kalam asked “Can we make an education system which will retain the smiles on the faces of our children throughout their education?” RPS Sidhrawali is committed to meet this challenge.
- Our school has geared up to take on the challenges of the future head – on. RPS Sidhrawali is not just about education. We perceive our role as the custodian of our country's future and accordingly strive to encourage our children to excel not only at academics, but as a responsible citizen of tomorrow with a sense of duty and responsibility towards our nation.
- They are encouraged to appreciate the fragility of our ecosystem and respect the nature. Each child who steps into the sanctum of RPS Sidhrawali walks out as an awared, educated and ethically sensitive global denizen for tomorrow.
- I welcome you and your child in this wonderful family and wish you both the best for a very bright future.
